

TOWN OF GARFIELD
SNOW PLOWING SCHEDULE
LET IT SNOW!

Priorities When Snowing:

Downtown – East California Street
2nd Street and 3rd Street (School Bus Routes)

Downtown – West California Street
North and South Hills

Priorities When Not Snowing:

After above is complete, and as soon as possible, the side streets are plowed.

Garbage Pick Up During Heavy Snows:

Unfortunately, in order to get the town roads plowed, the alleys cannot be maintained by the snow plow. During heavy snows, we ask that you please put your garbage cans in the street rather than the alley. If we do miss you during the garbage run, we will get you caught back up on the next garbage run (weather permitting) and there will be no extra fee.

Please know how much we appreciate your patience during the snow season. We welcome your calls, concerns and suggestions. 635-1604 or garfield-town@completebbs.com.
